WILDFLOWER SEEDS	4oz. Bag Each	\$12.00 per 4 oz bag
Bird and Butterfly wildflower mix	If you want to bring the hummingbirds and songbirds in close to home, this is the mix for you.	
Deer Proof wildflower mix	Deer do not find these wildflowers palatable and leave it alone so you can enjoy a beautiful wildflower meadow. Grows 24-48" tall.	
Partial Shade wildflower mix	Good for hard to establish areas that are shaded. Will work very well with about 40% sunshine. All wildflowers do best in full sun, and this partial shade mix will flourish and prosper in filter sun. Grows 24-30 ".	
Perennial wildflower mix	17 species provide many colors. When fall planted, the flowers will blossom the following spring. When spring planted, if the conditions are right, there will be some flowering, but most will not flower until the following spring. Grows 36-40 ".
