What is a CPESC?

CPESC is a Certified Professional in Erosion and Sediment Control. The certification program, sponsored by the Soil and Water Conservation Society and the International Erosion Control Association, provides the public with evidence of professional qualifications. This designation is given to specialists who have met established standards of expertise, experience and knowledge.

CPESC Certification Benefits

- Enhance your professional credibility
- Promote public awareness of the erosion and sediment control profession.
- Have greater influence on policy decisions affecting technical and professional issues.
- Gain access to unique sources of information and educational opportunities
- Improve your career by making more professional contact.

This course will be taught by Donald W. Lake, Jr., P.E., CPESC, CPSWQ and Philip S. Griswold, District Manager for Seneca County SWCD, CPESC.

Special Thank You to Dutchess County SWCD for hosting this event!

CPESC COURSE OUTLINE

- Section 1: Why We Care
- Section 2: Rules and Regulations
